

If you have a child about to start preschool

2020-01-21

Now is the time to choose a school for the autumn term of 2020

This year, school choice is introduced to the municipal preschools, a new system for allocating school places. If you have a child who is about to start preschool during the autumn term of 2020, you will choose a school for your child. It is important that you, as custodian, make an active choice. You submit your choice for the school using the e-service for school choice, which can be found on the municipality website www.norrkoping.se/skolval

Submit your school choice from February 12th to February 26th

The e-service opens on February 12th, and closes on February 26th. During this period, you can log in through the e-service and submit your school choices. When you log in through the e-service, you sign the application with your e-identification, for example, your mobile bank ID. Both custodians must sign in order for the application to be valid.

It is important that you submit your choices by February 26th, 2020. We will satisfy your requests as closely as possible. If you do not make an active choice, your child will get a place at one of the municipality schools that have places left and are within a reasonable distance from your home.

School placement announcement will be made public in March 2020

In March, you will receive a preliminary report on which school your child has been assigned to. The report is published in the e-service for school choice, and you will receive a notification via text message or e-mail when there is a decision. The final message about school placement is sent to your home by letter.

More information at www.norrkoping.se/skolval

On the municipality website, you will find more information about school choices for preschools. Here you will find information about which municipal schools are in Norrköping, and which order of priority applies to school choices for preschool.

Do you have any questions or need further assistance?

Visit www.norrkoping.se/skolval to read our FAQ. You can also get in touch with the municipality Contact Center by calling 011-15 00 00. You can also visit the Contact Center at Trädgårdsgatan 21 in Norrköping.

Thank you for submitting your school request!
